## Sixth Grade School/Facility Annual Immunization Survey Worksheet

# EXAMPLE

County: \_\_\_\_\_ School/Facility Name: \_\_\_\_\_

Certificate Information							Vaccine Specific Information						
Child ID #	Date of Birth (MM/DD/YY)	Certificate Expiration Date (MM/DD/YY)	Current/Provisional Certificate	Medical Exemption	Religious Exemption	No Certificate on File	Tdap	Td Booster	MCV	Hepatitis B		MMR	Varicella
							# of doses on record	# of doses on record	# of doses on record	3 doses	Alt. 2 dose schedule	# of doses on record	# of doses on record
Child 1	3/21/02	4/7/14	✓				(1)	0	(1)	(3)		(2)	(2)
Ch			✓				(1)	0	(1)	(3)		(2)	CP+1
Ch			✓				0	0	(1)	0		1	1
Ch				✓			0	0	0	2		1	1
Ch			✓				0	(1)	(1)	(3)		(2)	(2)
Ch			✓				(1)	0	(1)	(3)		(2)	(2)
Ch			✓				(1)	0	(1)	(3)		(2)	CP
Child 8	8/6/02	8/20/14			✓		0	0	0	(3)		1	1
Child 9	7/31/02	8/14/13	✓				(1)	0	(1)	(3)		(2)	(2)
Child 10	9/30/02	DK				✓	DK	DK	DK	DK	DK	DK	DK
Totals			7	1	1	1	5	1	7	7 + 1 = 8	6	6	

**Chickenpox** counts as having the recommended number of Varicella doses, but we still would like to know if a child received any of the Varicella vaccine. Please use the following to code for chickenpox.

**CP**=child had chickenpox, but 0 Varicella doses

**CP+1**=child had chickenpox and 1 dose of Varicella

**CP+2**=child had chickenpox and 2 doses of Varicella

Please enter zeros if an immunization certificate is available and nothing is marked for a specific vaccination. **Only if a certificate is not part of the child's school record,** record DK (Don't Know) for a child's unknown shot history. This can happen with medical or religious exemptions in addition to No Certificate on File. This will help us to determine the difference between a true zero and missing records when analyzing the data.

Each number represents the number of doses on the child's record for a particular vaccine. The circled numbers indicate that the child has received a particular count of doses appropriate for each vaccine (i.e., a completed DTaP vaccine series is 4 or more doses. Therefore, if the child has received 4 or more doses of DTaP, then circle those doses in the DTaP column). Count the number of circles in each column, and enter it into the row labeled 'Totals (Number of circles).

Enter these totals onto the School/Facility Annual Immunization Survey.
